**LEAD  
EDUCATION  
HOME VISITING  
PROGRAM**

## ABOUT US

Keep your family safe from lead poisoning by learning more about lead with a **FREE** lead education visit

- This is a **FREE** program
- We offer gift cards, incentives, and referrals to community programs that will help you stay safe from lead.

## PROGRAM

### 1. Test your child for lead

This is done by your doctor through a simple blood test.

### 2. Intake Call

A member of the home visiting team will call you to schedule an appointment for your home visit.

### 3. Home Visit

The visit can be done in your home or virtually.

During a home visit, you will learn:

- Lead basics
- Lead poisoning symptoms
- Where lead comes from
- Steps on how to keep your family safe from lead
- How to remove or reduce lead hazards

### 4. Follow-Up Phone Call

A member of the home visiting team will call you to check in.
